

The International Conference on Insect Science in 2023

**The 8th International Symposium on Insect Physiology, Biochemistry and Molecular Biology
The 5th International Conference of Insect Genomics**

(First Notification)

The International Conference on Insect Science in 2023 (ICIS2023) will be held jointly with the 5th International Conference of Insect Genomics (ICIG) & the 8th International Symposium on Insect Physiology, Biochemistry and Molecular Biology (IPBMB) on 6-10 August 2023 in Baoding city, Hebei Province, China. The joint conference had been held biennially in China. The theme of the joint conference in 2023 is “Frontiers in molecular insect science and prospects for a new era”. The conference will include plenary and keynote talks, symposium, youth forums and posters. All entomologists and graduate students are welcome to attend the conference. For more information please refer to the conference website <http://icis2023.scievent.com>.

1. Organizers

Hebei University (Baoding, China)

Specialty Committee on Insect Genomics, the Entomological Society of China (ESC)

Specialty Committee on Insect Physiology, Biochemistry and Molecular biology, ESC

Specialty Committee on Insect Microbiome, ESC

Specialty Committee on Insect Development and Genetics, ESC

Specialty Committee on Insect Comparative Immunity and Interactions, ESC

Specialty Committee on Insect Chemical Ecology, ESC

2. Local host and organizer

College of Life Sciences, Hebei University
The Entomological Society of Hebei Province

3. Conference Chair

Le Kang, Dr., Professor, President of Hebei University, Chair
Ary Hoffmann, Dr., Professor, University of Melbourne, Co-chair

4. Date/Place/Topics/Language

Date: August 6-10, 2023

Deadlines:

- Session proposal submission: May 1
- Early-bird registration: June 1
- Abstract submission: June 15
- Online registration: July 1

Place: DOUBLETREE Hilton Hotel/Hebei University-Qiyi-road campus, Qiyi Road, Baoding city, Hebei Province, China

Topics: Session/symposium proposals are welcome! Topics include but are not limited to: insect genomics and evolution, insect molecular biology and biotechnology, insect physiology and biochemistry, insect development and genetics, insect immunity, insect microbiology, insect molecular ecology, and related fields.

Official language: English.

5. Registration

All participants should register online via the conference website (<http://icis2023.scievent.com>) before July 1.

Registration fee will cover conference services, materials, meals and coffee breaks. Traffic expense and accommodation fee are at participants' own expense. Registration payment should be completed by bank transfer, online or in cash. Please make sure to indicate "ICIS2023_Your-Name_Your-Institute" on the message to the Beneficiary of your bank transfer.

Bank account information:

- Account name: Baoding Gangzhong Conference & Exhibition Co., Ltd.
- Bank name: Baoding Branch of China Minsheng Banking Corp., Ltd
- Account Number: 638 494 378 (USD), 638 492 634 (CNY)

	Participant in the mainland China (CNY)		Participant outside the mainland China (USD)	
	Before June 1	After June 1*	Before June 1	After June 1*
Regular	¥2300	¥2700	\$400	\$450
Students	¥1800	¥2100	\$260	\$300

* Also apply to on-site registration.

6. General agenda

Date	Duration	Program
Aug. 6	Full Day	Registration
	Night	Committee meetings
		Youth Salon
Aug. 7	Morning	Opening ceremony
		Plenary Session
	Afternoon	Branch Sessions
	Night	Banquet
Aug. 8	Morning	Branch Sessions
	Afternoon	Branch Sessions
Aug. 9	Morning	Branch Sessions
	Afternoon	Plenary Session
		Closing ceremony
Aug. 10	Full Day	leave

7. Contact us:

Email: icis2023@hbu.edu.cn

Tel: +86 312 5079365 (secretariat), +86 312 5075504 (international affairs)

8. Attachments: Letter of invitation from the conference chair

The conference Organizers: **Hebei University** **The Entomological Society of China**

Feb 1st, 2023

Dear colleagues:

On behalf of the organizing committee, I would like to invite you to attend the International Conference on Insect Science in 2023 (ICIS2023).

ICIS2023 will be held in Baoding, China on 6-10 August. ICIS2023 is jointly held with the 5th International Conference of Insect Genomics (ICIG) and the 8th International Symposium on Insect Physiology, Biochemistry and Molecular Biology (IPBMB) which had been held biennially. The official language is English.

We have seen great success and prosperity in recent research on entomology, especially on molecular insect science, in China and around the world. More importantly, we look forward to an open collaboration and sharing prospects for a changing world. With approximately 500 attendees from all over the world expected, I believe your attendance at this meeting will provide you with an excellent opportunity to share knowledge and interact with other scientists and researchers from throughout China and around the world working in frontiers of insect molecular sciences.

The host place, Baoding, is an ancient and beautiful city, listed among the top tourist destinations for natural and history resorts as well as diverse delicious food. The city is a communications hub and bounded on the north by Beijing, the capital city of China.

We are looking forward to meeting you in ICIS2023!

Sincerely,

A handwritten signature in black ink, appearing to read 'Le Kang', with a long horizontal stroke extending to the right.

Le Kang, Dr., Professor
Chair, ICIS2023 Organizing Committee
President, Hebei University
